

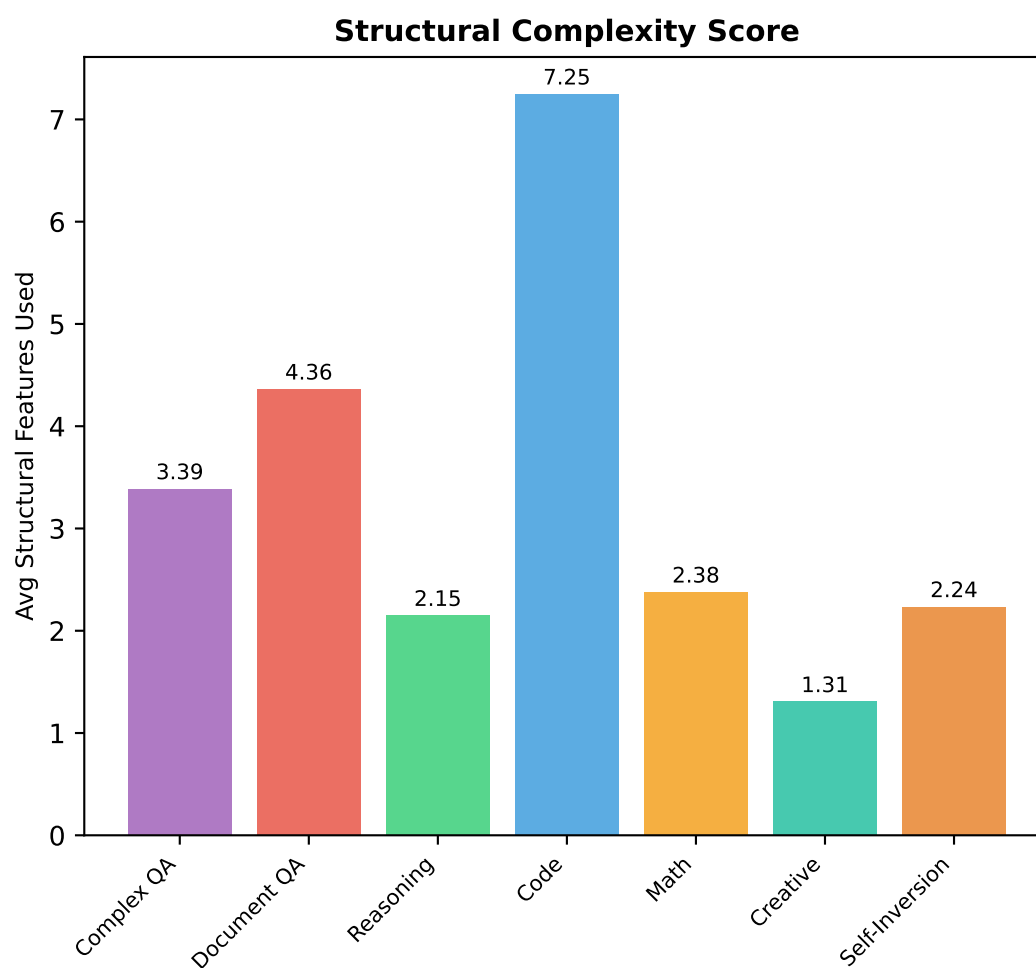

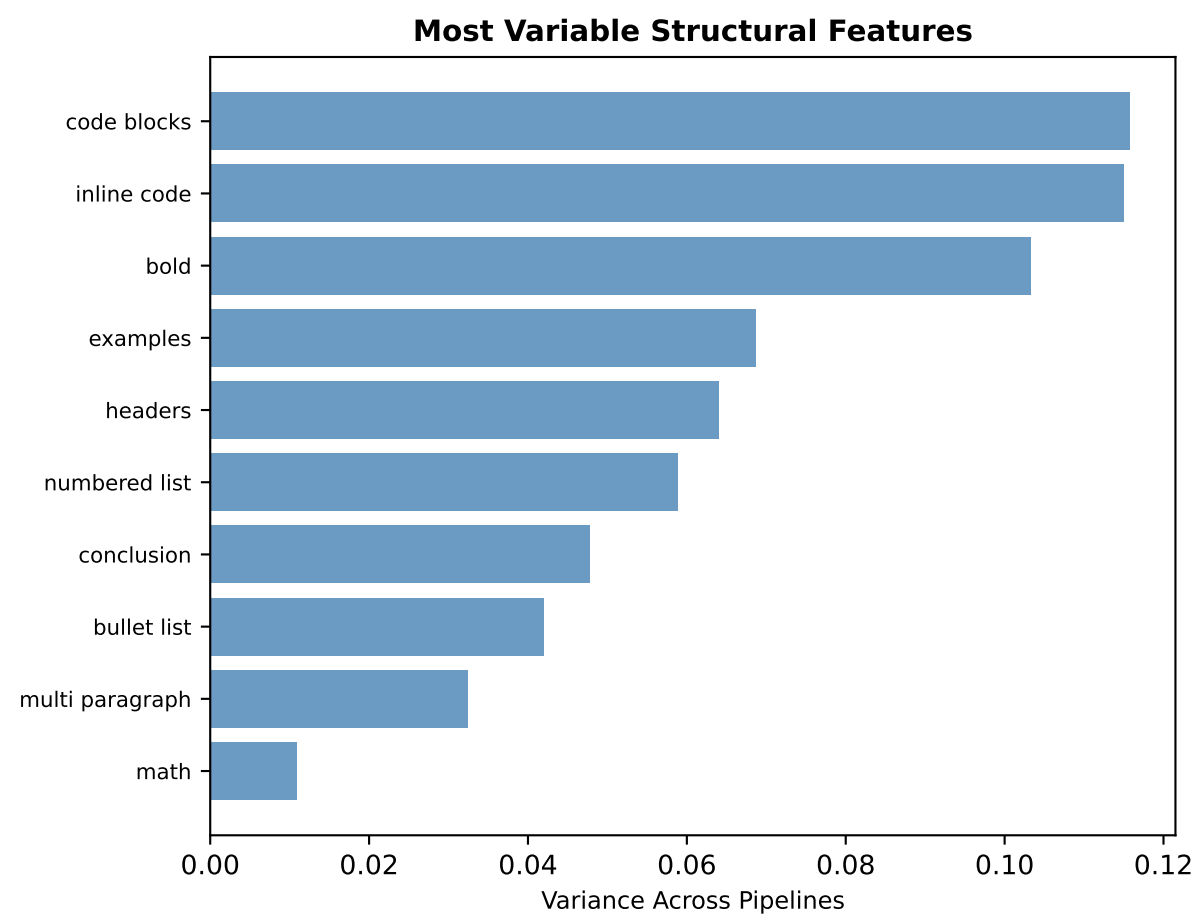

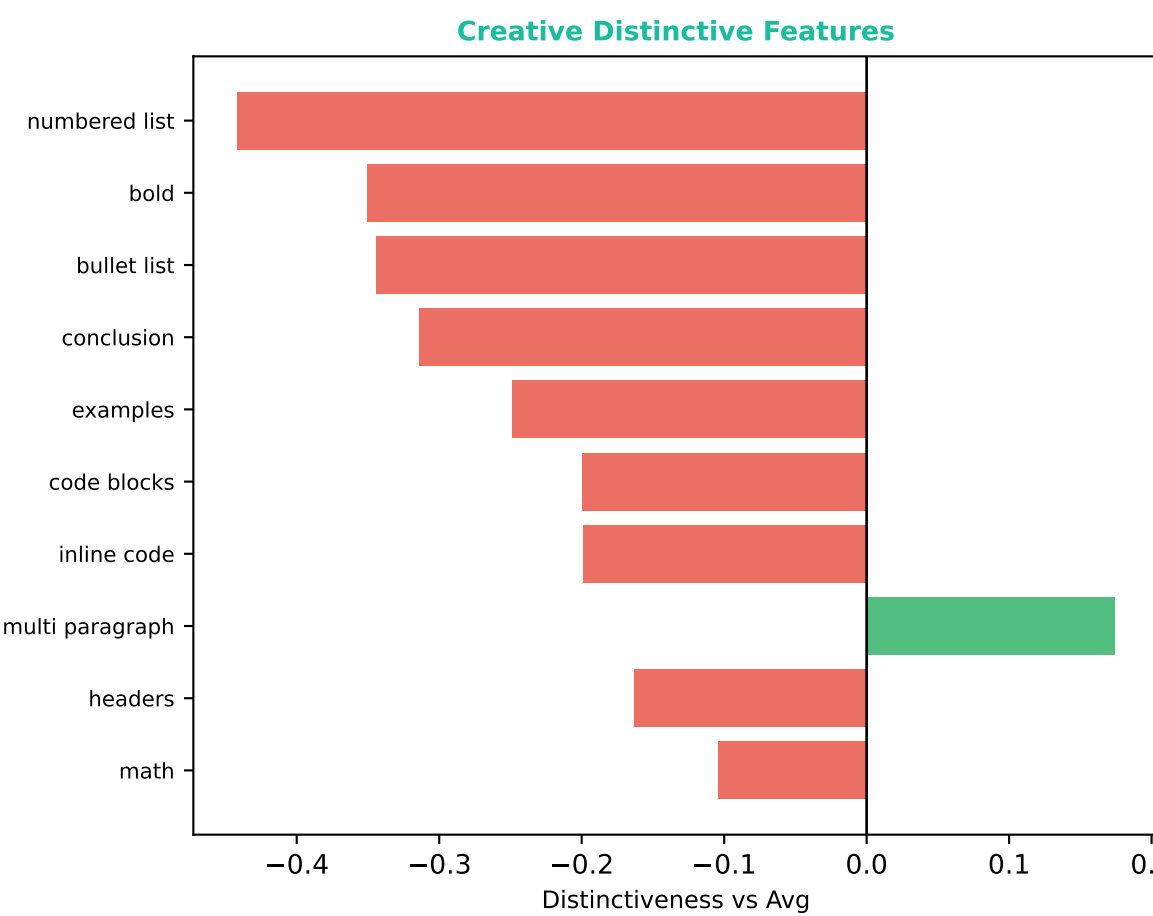

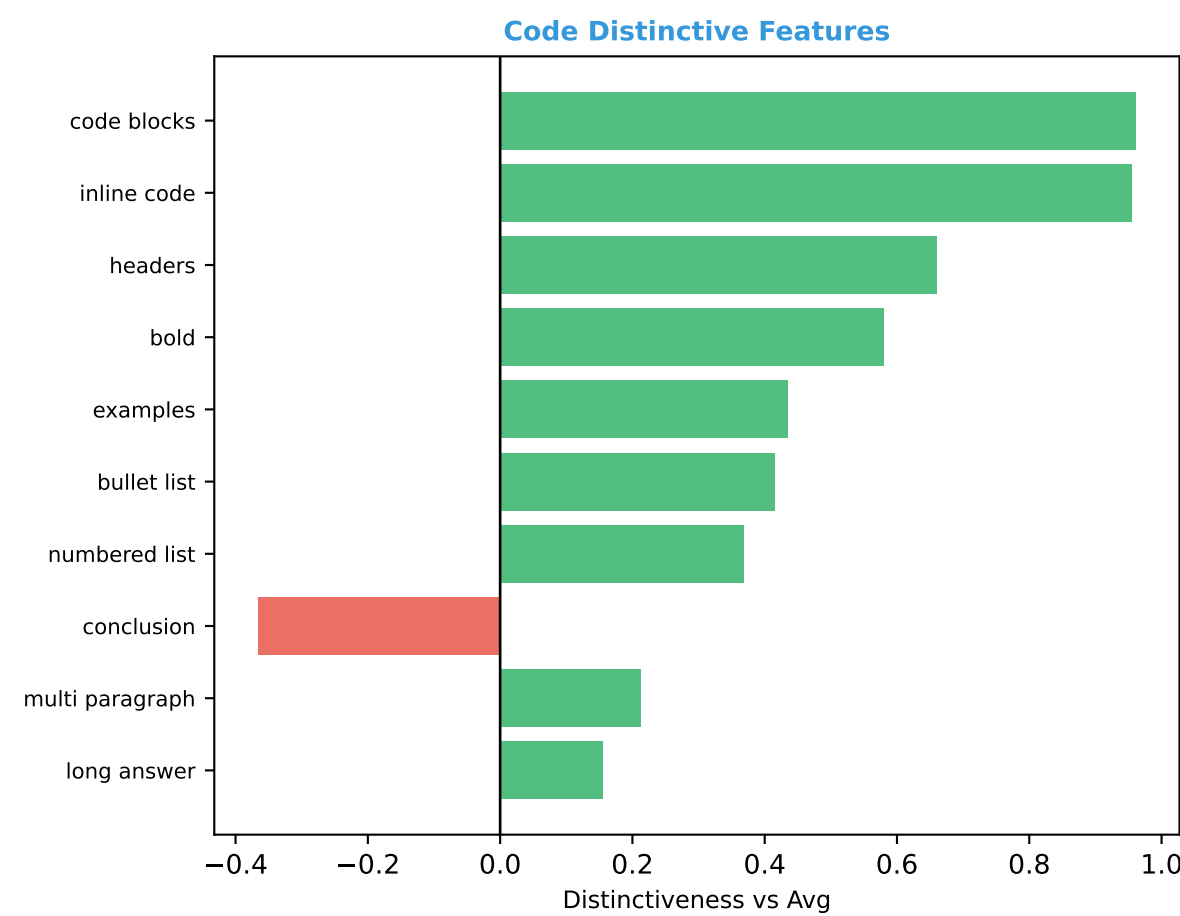

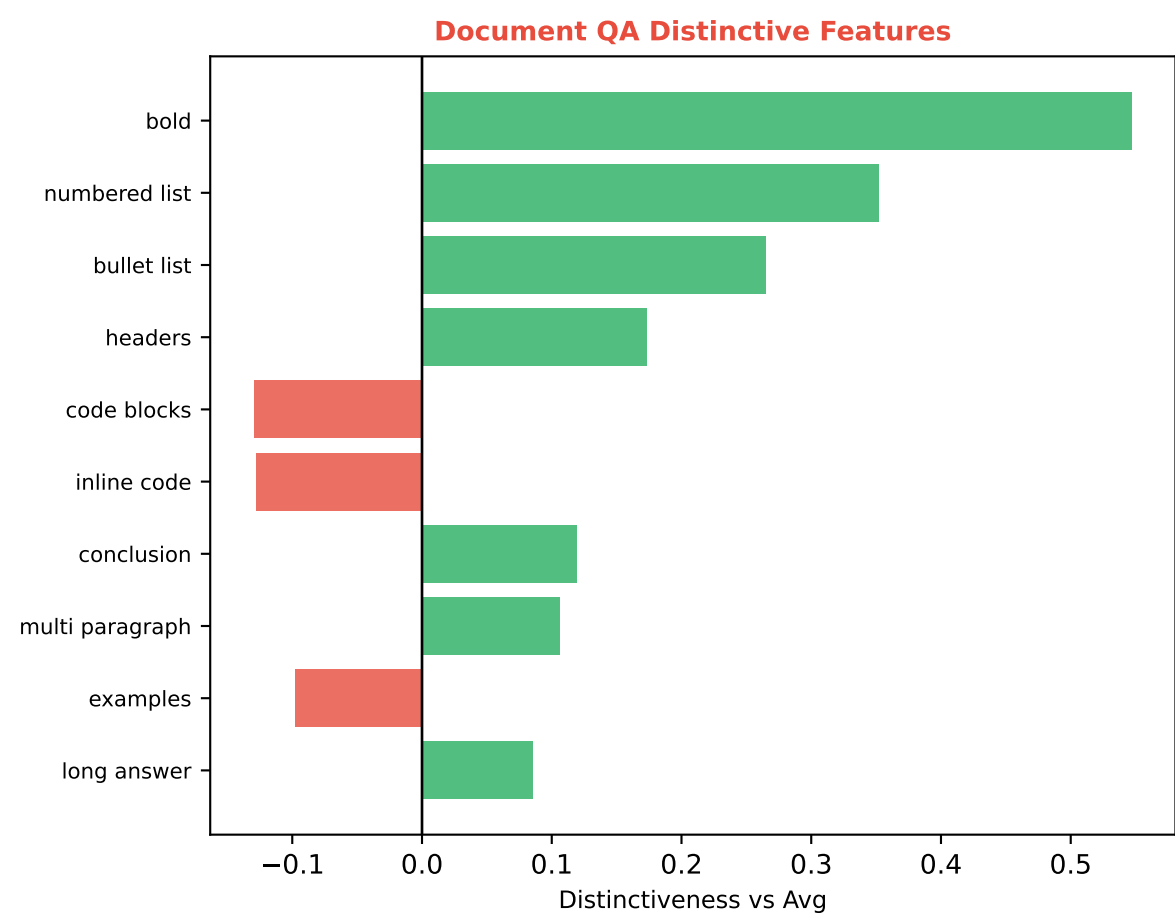

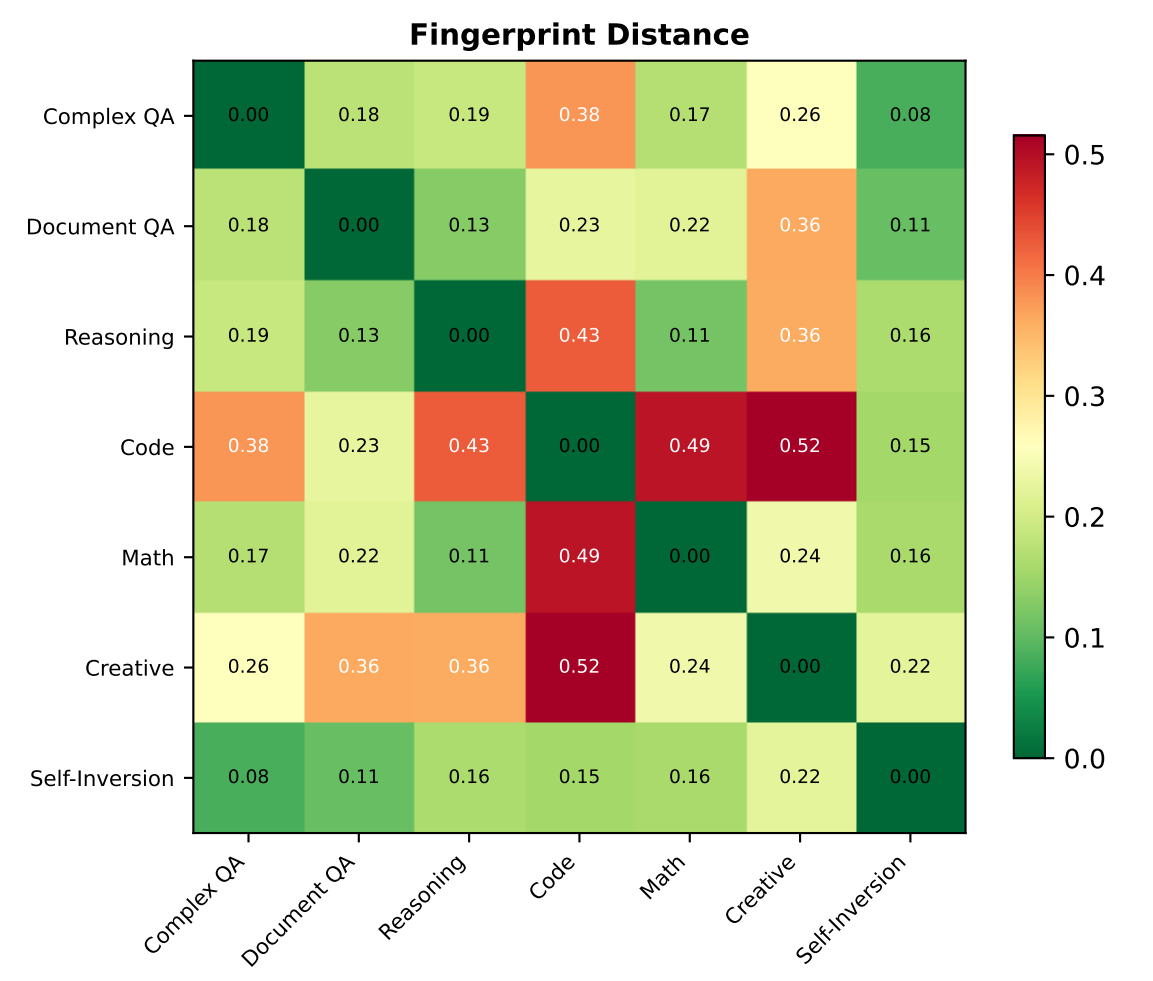

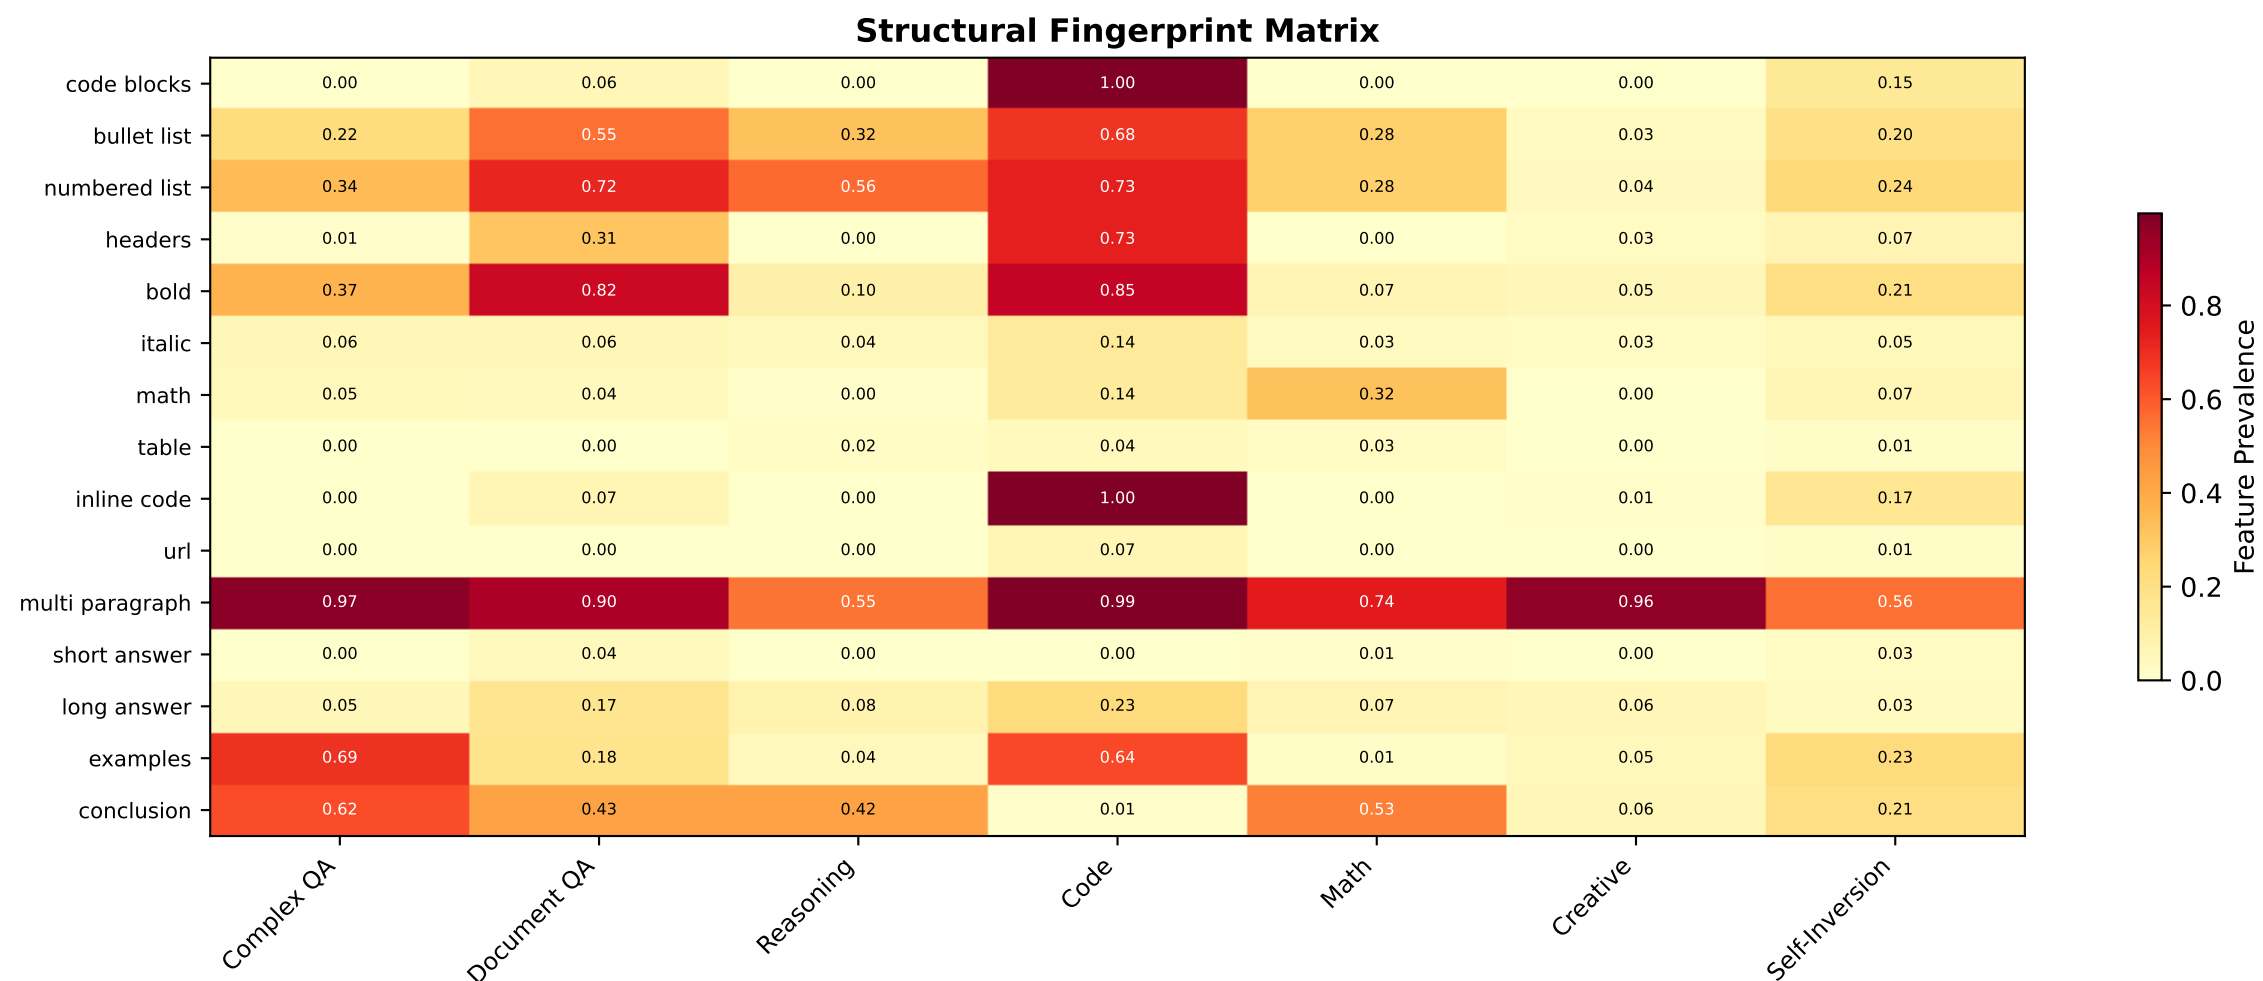

Fig 191: Structural Fingerprinting & Pipeline Identity

Structural Fingerprint Summary

Most structurally complex: Code (7.25 features/sample)
Simplest structure: Creative (1.31 features/sample)

Most structurally distinct: Code (avg distance 0.313)

Key Patterns:

- Code: code blocks + inline code dominant
- Creative: plain prose, few markers
- Reasoning: numbered lists + examples
- Math: math notation + short answers
- DocQA: bullets + headers + bold
- Complex QA: examples + conclusions
- Self-Inv: mixed, moderate complexity
